

# BioSFerA Final Event Agenda

## *Setting the course for aviation and marine fuels for the transport of tomorrow*

20<sup>th</sup> March 2024

Hybrid event (link for virtual attendees [here](#))

Office of the Spanish National Research Council, Rue du Trône, 62, Brussels

Time (CET)	Topic	Speaker
9:30 – 9:45	<b>Registration</b>	
9:45 – 10:00	<b>Welcome &amp; Project Overview</b>	Kostis Atsonios (CERTH)
10:00 – 10:45	<b>Biomass and waste valorisation: innovative model for EU waste conversion</b>	
	Biological studies at lab scale: selection of bacteria and yeasts	Jorge Barriuso Maicas (CSIC)
	Gas & liquid fermentation processes: Lab scale development	Jose M <sup>a</sup> Sanz Martín (CARTIF)
	New efficient ways for TAGs extraction	Giorgia Pellegrino (ENVIPARK)
	<a href="#">Q&amp;A, Poll 1</a>	
10:45 – 11:00	<b>Coffee Break</b>	
11:00 – 11:45	<b>BioSFerA's scaling up for jet-fuel and marine diesel production</b>	
	Results of the pilot fermentation processes	Pedro Acuna Lopez (BBEPP)
	TAGs hydroprocessing and final products characterization	Sakis Dimitriadis (CERTH)
	BioSFerA scale up and impact assessment towards commercialization	Nikos Detsios (CERTH)
	<a href="#">Q&amp;A, Poll 2</a>	
11:45 – 12:45	<b>Round table: Biofuels market potential and EU energy transition from stakeholders' perspective</b>	Moderator: Jose Luis Garcia Lopez (CSIC)
	Market potential for advanced biofuels	Marilena Demetriou (FincoEnergies)
	European Commission as the key enabler towards advanced biofuels growth	Maria Georgiadou (EC DG RTD)
	Academia and new research projects and technology developments: the FUELPHORIA EU project	Piero Valmassoi (GIE)
	Large scale gasification based biorefineries: how technically feasible are?	Sumitomo SHI FW ( <i>to be confirmed</i> )
	Converting refineries to sustainable transport fuels production plants: challenges and drivers	Xander de Jong (KPRT)

Current policy, regulatory, and market information and the impact of associations to promote advanced biofuels

Leonidas Kanonis (EWABA)

[Q&A](#)

---

**12:45 – 13:00** **Wrap-up, poll results, BioSFerA add value & legacy**

Kostis Atsonios (CERTH)

**13:00** **Light lunch offered to the attendees**

---

Event organized by CERTH, BioSFerA Project Coordinator, Environment Park, Communication&Dissemination Project Referent and BioSFerA Consortium.

With support and space from CSIC, the Spanish National Research Council, Bruxelles delegation.
